**All the displays are manned by people who will be happy to help with the identification of any interesting rocks, minerals or fossils that you may have found. Please bring them along.**

## Show Features

The Show occupies two separate halls, one for sales and one mainly for displays. In the Linden Hall you will find dealers selling minerals, fossils, rocks, meteorites, dinosaur models and ephemera, gemstones, crystals, books and equipment for the mineral or fossil collector. The Pine Hall is mainly for displays, by various groups and institutions, about minerals, rocks, fossils and geology in general, plus SMFS members selling surplus specimens at very reasonable prices. All the exhibitors are very knowledgeable about their subject and will be glad to answer any questions you may have or try to help with identification of your specimens if you bring them along..

This year we are delighted to be hosting a display promoting The Etches Collection, Museum of Jurassic Marine Life, from Kimmeridge, Dorset. This new museum recently opened its doors in a custom-built museum housing the extensive, world renowned, Jurassic fossil collection of Steve Etches. We are also welcoming back Hampshire Cultural Trust with material from their considerable local geological collection. Dinosaur Isle Museum from the Isle of Wight will be displaying a stunning selection of Isle of Wight fossils and the Dorset Group of the Geologists' Association are displaying their activities in the studying and recording of Dorset geology.

Members of the Southampton Mineral & Fossil Society have mounted displays on their individual interests in fossils, rocks, and dinosaur ephemera. **Have a good day!**

## To learn more about minerals or fossils why not join Southampton Mineral & Fossil Society?

We meet on the third Tuesday of each month at the Friends' Meeting House, Ordnance Road, Southampton at 19:30. Further details from Gary Morse on 01489 787300 or on our website: [www.sotonminfoss.org.uk](http://www.sotonminfoss.org.uk). You can ask any of our members here today if you would like more information and you are welcome to come along, with no obligation, to our next evening meeting at 19:30 on the 19<sup>th</sup> September and enjoy an illustrated talk on "Dinosaurs and Sex: A romp through the beds of the Cretaceous" presented by Dr Jeremy Lockwood.

## Next Year's HAMPSHIRE MINERAL & FOSSIL SHOW

will be held on the first Saturday of September,

**1<sup>st</sup> SEPTEMBER 2018**

at Lyndhurst Community Centre, Lyndhurst.

Put it in your calendar now and we look forward to seeing you again.

**Show organised by Southampton Mineral & Fossil Society**
